

**Evergreen Recycling Supports The City of Las Vegas Leisure Services
“Live Well – Go Green 2009” Special Event**

June 23rd – June 26th, 2009 – Evergreen Recycling participated in the week long City of Las Vegas Leisure Services “Live Well – Go Green” event at Sammy Davis Jr Festival Plaza. There were 844 children that came through the summer camp special event and learned about various environmental issues.

Evergreen Recycling provided “Recycle Man” who came out and performed a daily skit about the effects of recycling, in addition to LVVWD who provided Deputy Drip for a show on water conservation and Skip “Dr Retlaw” Bothwick who provided a magic shows on recycling and conservation.

The participating children watched presentations on recycling, conservation and repurposing from the vendors as well as play a few games about recycling, water safety and repurposing of materials from convention leftovers.

Various local environmental companies that also participated include; Greener Vegas, Las Vegas Valley Water District (LVVWD), Nevada Division of the Environmental Protection Agency, Regional Office of the Bureau of Reclamation, the Southern Nevada Agency Partnership Conservation Education team (S.N.A.P.), Springs Preserve and the UNLV Public Land Use office.

Evergreen Recycling is Southern Nevada's leading commercial, industrial, and construction recycler. Evergreen's facility remains the largest of its kind in Nevada, processing and annually recovering 120,000 tons of materials. For more information, to learn about custom recycling programs and waste recycling audits or to take a virtual tour of the Material Recovery Facility (MRF) visit www.evergreenlv.com, call (702) 646-1446 or email recycling@evergreenlv.com
